

Preceptor's evaluation of intern

Master of Public Health Field Experience

Dear Preceptor,

On behalf of the public health faculty, thank you for your many contributions as a field preceptor. The MPH Field Practice Program continues to be a very positive, enriching educational experience for graduate students due to the quality and commitment of our field preceptors.

Please complete the online Evaluation of Public Health Intern during the student's last week and discuss the results with the intern.

The survey takes less than 10 minutes to complete.

Your participation is genuinely appreciated, and we look forward to your evaluation.

Additional comments about the student:

Evaluation of the UT MPH program

Please rate the UT MPH field practice program.

	Poor	Fair	Good	Very Good	Excellent
Clarity of MPH program expectations (i.e.-field practice guidelines)					
Preparedness of student					
Interactions with university faculty or staff					
Usefulness of student's development of objectives, midpoint and final evaluation of objectives.					

What suggestions do you have to improve the UT MPH field practice program?

Please provide any other comments about our MPH field practice program.

When you submit this evaluation, you will be automatically emailed a copy of the completed evaluation.

Please discuss the evaluation results with the student.

The MPH program appreciates your contributions toward providing students with practical experience.

Sincerely,

Julie Grubaugh, MPH
